

Aspect All-in-One Touch

Product Overview

Introducing Aspect All-in-One Touch

The Aspect All-In-One Touch brings performance, flexibility, and intuitive design together in a single device. With a 23.8" VA panel that is easy on the eyes, 10 point capacitive touch for a smooth interactive experience, and an ergonomic Z stand that adapts from desktop to tablet mode, it fits perfectly into modern classrooms and workplaces.

Increased Productivity

Boost your efficiency with dual screen support. Connect a second display to extend your workspace, making it easier to manage multiple applications at once. Whether you are comparing data, keeping video calls open while you work, or multitasking across different tasks, dual screen capability helps you stay organised and productive.

Desktop Performance

Powered by up to an Intel Core i5 14400 processor, the Aspect All-In-One Touch delivers the performance of a desktop in a compact all-in-one design. With 6 cores to handle everyday applications and demanding workloads, it ensures you have the speed and responsiveness to stay ahead throughout the day.

Fast Connectivity

Stay connected with reliable wired and wireless options. The Aspect All-In-One Touch comes with 1Gb LAN for stable high-speed performance and optional Wi-Fi 6 for fast, seamless wireless access. Whatever your setup, you can count on strong connectivity to keep your workflow running smoothly.

Features

10 Point Touch

Aspect All-In-One Touch features a 10-point PCAP (Projected Capacitive Touchscreen Technology), allowing smooth and responsive interaction for multiple users at once. It makes collaboration easier, encourages engagement, and creates a more hands-on experience in classrooms or meeting spaces.

Firmware TPM 2.0

Aspect All-In-One Touch includes firmware-based TPM 2.0 support, helping protect sensitive data with hardware-backed encryption and secure key storage. It enables features like Windows BitLocker and secure boot, supporting modern security standards.

Adjustability

The Aspect All-In-One Touch gives you complete flexibility with its ergonomic Z-style stand, letting you tilt, adjust, and lower the screen into full tablet mode for hands-on interaction.

Pop-up Privacy Webcam

The Aspect All-In-One Touch features a built-in pop-up webcam designed with privacy in mind. Perfect for schools and classrooms, the camera stays hidden until it is needed for lessons, calls, or collaboration, and can be pushed back down when not in use.

Hardware Services

Our hardware services are built to take the pressure off your IT team. From BIOS configuration and custom imaging to on-site setup and responsible recycling, we handle every step to get your devices ready for action. Whether you're rolling out a handful of systems or hundreds, we'll make sure everything arrives exactly how you need it, fully configured, clearly labelled, and deployment ready. Just tell us how you want it done and we'll sort the rest.

BIOS Configuration

Get your systems boot-ready with customised BIOS settings. We can apply admin passwords, set boot orders, disable ports, and even brand your BIOS splash screen with your logo.

Custom Imaging

Your OS, your way. We'll apply your custom image (including apps, settings, and drivers) to every device. Want it stored for future orders? We've got you covered.

Autopilot Enrolment

Plug and play with Microsoft Intune. We'll pre-enrol your devices in Autopilot, making setup a breeze for your IT team.

MAC & Serial Provisioning

Need to assign network profiles or register assets before delivery? We'll provide device MAC addresses and serial numbers ahead of time so you can prep in parallel.

Asset Tagging

From barcodes to custom tags, we'll affix your identifiers straight to the device exactly where you want them.

Decommissioning

Decommission your existing hardware ready for redeployment or recycling.

Deliver to Desk

Skip the setup queue. Our engineers will unbox, cable, and configure your systems right at the user's desk, so everything's ready to go from the moment they sit down.

Equipment Recycling

Out with the old, responsibly. We collect and recycle your old kit in full compliance with WEEE regulations, ensuring nothing goes to waste unnecessarily.

Packaging Takeback

Once your new kit's installed, we'll remove and recycle all packaging waste. Clean, tidy, and eco-friendly.

Warranty & Performance

Warranty

Experience peace of mind with our comprehensive warranty options. **We offer up to 5 years total coverage**, including an Extended Service Plan designed to minimise downtime.

Return to Base	Standard Service Plan	Extended Service Plan
