Flexbook 14

Product Overview

Introducing Flexbook 14

All-day Productivity with Flexbook 14

Flexbook 14 is a durable, compact, and secure laptop built for all-day use. Ideal for students, teachers, and business users on the go, it features a massive 10-hour battery life to tackle the most demanding days. Explore what makes Flexbook 14 unmissable.

10+

All-day Battery Life

MILITARY GRADE
MIL-STD 810H

Compact and Resilient

Modern Security

All-day Battery

The Flexbook 14 laptop keeps going with a 55Wh battery, and thanks to its ultra-efficient components, you can expect over 10 hours of use with demanding modern office applications. Do more on a single charge without being tied to the nearest power outlet.

Compact and Resilient

The Flexbook 14 features a semi-rugged, military grade tested chassis, drop-tested from a height of 76cm (like desk height). A laptop ready to be thrown in your bag and handle the everyday knocks and bumps of being on the go.

Premium Features, Not Price

The Flexbook 14 laptop includes USB-C PD up to 65W, a backlit keyboard, and a 180-degree hinge. Upgrade to 4G LTE, enjoy the FHD IPS anti glare screen, and experience fast connectivity with WiFi 6. All the essentials for a seamless experience.

Built-in Security

Windows secured-core PCs offer top-notch protection against firmware attacks, securing credentials and sensitive data. They're built for environments like education that need high security, utilising TPM 2.0 and the latest security advancements with Windows 11.

Services

Your one-stop solution for a seamless experience

Factory Services

Save time and money by letting us do the heavy lifting for you.

BIOS

Pre-configure BIOS settings, add custom branding, passwords, boot orders, and more.
