

Aspect Micro

Product Overview

Big Performance. Small Footprint.

Aspect Micro packs desktop-level power into a compact 1-litre chassis. It mounts neatly out of sight with multiple VESA options, includes a cable cover to keep desks tidy, and features tamper resistance for added peace of mind.

Connectivity

Modern Connectivity

With seven USB ports including USB-C 5Gbps, USB 3.2, and USB 2, the Aspect Micro is ready for anything. Plug in multiple peripherals at once, from webcams and keyboards to external drives and touchscreens, without the need for a hub. It's ideal for hot desk setups or classrooms where flexibility is key.

Dual Screen Support

Aspect Micro supports dual displays via HDMI 2.1 and DisplayPort 1.4, giving you sharp, smooth visuals up to 4K. Whether you're multitasking in the office or running interactive content in a classroom, having two screens means more space to focus, compare and get things done faster.

Stay Connected

The Aspect Micro has ultra-fast, secure Wi-Fi 6, perfect for collaboration and high-density environments. If you need reliable, high-speed data transfers, the integrated 1Gb LAN is ideal for bulk imaging, rapid deployment, and network-intensive tasks.

Features

Small and Powerful

Aspect Micro features a 14th Gen Intel Core i5 desktop processor, built with hybrid core technology to handle demanding apps and multitasking with ease. It delivers the speed and responsiveness you'd expect from a full desktop, all in a compact, space-saving design.

PSU Holder

Our neat PSU holder keeps the external battery brick securely mounted to the side of your Aspect Micro. Whether you're using a VESA mount or the PRO stand, it helps keep your workspace clean and your device setup streamlined. No more cable clutter or bricks left hanging.

Secure Cable Cover

The Aspect Micro cable cover keeps rear ports tidy and protected. It helps reduce cable clutter, keeps I/O out of reach, and can be secured with a security screw for extra peace of mind. Ideal for shared spaces where kit needs to stay put and look sharp.

No-bezel front panel

The clean, bezel-free front design doesn't just look smart. It also reduces access points, helping prevent unwanted interference or tampering.

Lockable VESA mount

Mount the system securely out of sight with a lockable VESA bracket. Once installed, it stays firmly in place and can't be easily removed, making it ideal for shared spaces.

Ergonomics & Mounting

Designed to fit right in

The PRO Stand is height-adjustable and pairs perfectly with our range of VESA compatible products, including the Aspect Micro. It comfortably supports monitors up to 27", letting you easily mount your system behind the screen. That way, you free up valuable desk space with better cable management and enjoy easy access to the rear ports and cable covers.

You can also mount the Micro under a desk, on a wall, or directly to the back of a monitor using the VESA back plate. When using the PRO Stand, choose between a quick release fit that lets you pop the Micro off whenever you need to, or a secure option that screws it down for a fixed setup.

Services

Hardware Services

Save time and money by letting us do the heavy lifting for you.

BIOS

Pre-configure BIOS settings, add custom branding, passwords, boot orders, and more.

Imaging

Deploy custom OS imaging and store them for future purchases.

Autopilot Enrollment

Pre-enroll devices on Microsoft Intune.

MAC/Serial Provision

We provide MAC/serial numbers ahead of shipment.

Asset Tagging

Affix your asset numbers / tags to your device

Decommissioning

Decommission your existing hardware ready for redeployment or recycling.

Deliver to Desk

Our technicians will unbox, cable, and configure your systems.

Equipment Recycling

Collect & recycle in compliance with WEEE regulations.

Packaging Takeback

We'll take away and recycle the packaging that your systems arrived in.

Custom Branding

Add your logo, crest, motto, or colours. Make your new Aspect Micro yours. Durable, high-quality printed vinyl crafted by our in-house design team and carefully applied before shipping.

We say be proud, reinforce your brand, represent your school colours, or add a little je ne sais quoi.

- Full-colour printing
- Large, eye-catching branding
- Durable long-lasting vinyl

Warranty & Performance

Warranty

Experience peace of mind with our comprehensive warranty options. We offer up to 5 years total coverage, including an Extended Service Plan designed to minimise downtime.

Standard Plan

Included

1 year collect and return

Advance Plan

Upgrade

3 or 5 year collect and return

Extended Service Plan

Upgrade

Upto 5 year total cover extended service

Replacement parts, whole products or on-site engineer

PCMARK10

Performance

VeryPC measure the performance of our products using PCMark 10, a world renowned benchmarking tool that can be used to compare real-world performance between computer hardware.

Essentials

Everyday use, including web browsing, video conferencing and app startups
